

**Mayo Mill Dam Revitalization Project**  
Steering Committee Meeting  
Dover-Foxcroft, ME  
Thursday, March 16, 5:30 to 7pm @ Town Office

**Meeting Purpose:**

Explore future potential partnerships and dive deeper into some of the objectives most important to the Steering Committee to achieve through the Mayo Mill Dam feasibility study. Help inform the Committee's eventual decision that will contribute to the vitality of downtown as well as recreation on, and restoration of, the Piscataquis River.

**AGENDA**

- **Welcome** (5:30 pm)
- **Presentations and Discussion**
  - 5:35 pm - Anne Ball, Senior Program Director with Maine Downtown Center, will cover the connection to commercial district revitalization and broader downtown revitalization, and explain what support is available as a member affiliate.
  - 5:55 pm - Doug Beck, Outdoor Recreation Supervisor of Recreational Trails Program and Land and Water Conservation Fund with the Maine Department of Parks, will offer perspective on the development of public outdoor recreation facilities and how a project would qualify for funding support.
  - 6:15 pm - Matt Bernier, Professional Engineer and Habitat Resource Specialist with NOAA Restoration Center, will outline the federal priorities for river restoration in Maine, outlook for funding support, and perspective on decision making.
- **Debrief on Presentations** (6:35 pm)
- **Next Steps** (6:50 pm)
- **Meeting End** (7pm)
